

Commercial machine series

Commercial Machine Series

Model: FC3201

Features

- Stainless steel housing with walnut wood side panel.
- E61 brewing head, with pressure-regulating function.
- Boilers: two 0.5L s.s boiler for coffee and 10L s.s boiler for steam and hot water.
- Commercial rotary vane pump, continuous supply of stable 9 bar pressure.
- Coffee making with pressure-limiting valve.
- Two pressure gauges.
- LED display control, adjust the pre-infusion time and temperature of the coffee and steam.
- Connecting tap water and copper inner pipes.

Colour: ●

Specifications

Power: 5800W
Voltage/Hz: 220V~,50Hz

N.W./G.W.:85/100kgs
Unit size: 847×515×445mm

Packing size: 958×680×667mm
Loading quantity: 54pcs/108/144pcs

Model: FC3202

Features

- Stainless steel spray coating appearance, personalized side panel design.
- Multifunction for making coffee, steam and hot water at the same time.
- Commercial rotary van pump with 9bar pressure.
- Triple boilers:two 0.5L s.s boilers for making coffee,6L s.s boiler for steam and hot water.
- Electronic button for easy operate, temperature/flow rate/time can be adjustable.
- PID temperature control ensure that the temperature of coffee brewing and steam always in the optimal range.
- Connecting tap wager and copper inner pipes.

Colour: ○

Specifications

Power: 4800W

Unit size: 720×460×425mm

Voltage/Hz: 220V~, 50Hz

Model: FC3203

Features

- Stainless steel spray coating appearance, personalized side panel design.
- Commercial rotary van pump with 9bar pressure.
- Triple boilers:two 0.5L s.s boilers for making coffee,10L primary and secondary boiler for making steam and hot water.
- Touch screen control,easy operation temperature/flow rate/time can be adjustable when making coffee.
- With PTC constant temperature heating technology, ensures every cup of coffee is extracted at a stable and precise temperature.
- PID temperature control ensure that the temperature of coffee brewing and steam always in the optimal range.
- Connecting tap wager and copper inner pipes.

Colour: ●

Specifications

Power: 5250W

Unit size: 847×515×445mm

Voltage/Hz: 220V~, 50Hz

Packing size: 958×680×667mm

N.W./G.W.: 78/83kgs

Loading quantity: 54/108/144pcs

Professional product series

Model: FC3933

Features

- Stainless steel housing with walnut wood side panel.
- E61 brewing head, with pressure-regulating function.
- Italian pump with 15 bar pressure.
- Two boiler: 0.5L s.s boiler for coffee, 2L s.s boiler for steam and hot water.
- Coffee making with pressure-limiting valve.
- Copper inner connectors and pipes.
- Two pressure gauges.
- LED display control, adjust the pre-infusion time and temperature of the coffee and steam.
- With 2L detachable water tank, also can connect tap water and drain function.

Option: Commercial rotary vane pump, continuous supply of stable 10 bar pressure. (FC3933H)

Specifications

Power: 1350W

Voltage/Hz: 220V~, 50Hz

N.W./G.W.: 28.0/32.0kgs

Unit size: 515×390×435mm

Packing size: 610×450×540mm

Loading quantity: 194/405/460pcs

Colour: ●

Model: FC3933B

Features

- Stainless steel housing with walnut wood side panel.
- E61 brewing head, with pressure-regulating function.
- Commercial rotary vane pump, continuous supply of stable 10 bar pressure.
- Two boiler: 0.5L s.s boiler for coffee, 2L s.s boiler for steam and hot water.
- Coffee making with pressure-limiting valve.
- Copper inner connectors and pipes.
- Two pressure gauges.
- LED display control, adjust the pre-infusion time and temperature of the coffee and steam.
- With 2L detachable water tank, also can connect tap water and drain function.

Specifications

Power: 1500W

Voltage/Hz: 220V~, 50Hz

N.W./G.W.: 28/32kgs

Unit size: 515×390×435mm

Packing size: 610×450×540mm

Loading quantity: 194/405/460pcs

Colour: ●

Model: FC3922B

Features

- White color housing with wood levers.
- E61 brewing head, with pressure-regulating function.
- Italian pump with 15 bar pressure.
- Two boiler: 0.5L s.s boiler for coffee, 2L s.s boiler for steam and hot water.
- Coffee making with pressure-limiting valve.
- Copper inner connectors and pipes.
- Two pressure gauges.
- LED display control, adjust the pre-infusion time and temperature of the coffee and steam.
- With 2L detachable water tank, also can connect tap water and drain function.

Specifications

Power: 1350W

Voltage/Hz: 220V~, 50Hz

N.W./G.W.: 10/18.5kgs

Unit size: 453×358×428mm

Packing size: 510×385×485mm

Loading quantity: 301pcs/624pcs/720pcs

Colour: ○ ● ●

Model: FC3922

Features

- Stainless steel housing.
- Aluminum alloy brewing head with PTC heating.
- Thermoblock for coffee, 2L s.s boiler for steam and hot water.
- Italian pump with 15 bar pressure.
- Coffee making with OPV pressure-limiting valve, limiting within 11bar
- Copper inner connectors with teflon pipes.
- Touch control panel and LED display, adjustable temperature, pre-infusion time and brewing time.
- 2L detachable water tank.

Specifications

Power: 1400W

Voltage/Hz: 220V~, 50Hz

N.W./G.W.: 10/18.5kgs

Unit size: 430×358×373mm

Packing size: 510×385×485mm

Loading quantity: 301/624/720pcs

Colour: ○ ● ●

Model: FC3922C

Features

- White color housing and acrylic side panel with light.
- Aluminum alloy brewing head, with PTC heating.
- Two boiler: 0.5L s.s boiler for coffee, 2L s.s boiler for steam and hot water.
- Commercial rotary vane pump, continuous supply of stable 10 bar pressure.
- Coffee making with pressure-limiting valve.
- Copper inner connectors and pipes.
- Touch control panel and LED display, adjustable pre-infusion time, temperature and volume of flow.
- With 2L detachable water tank, also can connect tap water and drain function.

Colour: ●

Specifications

Power: 2850W

Voltage/Hz: 220V~, 50Hz

N.W./G.W.: 27kgs/30kgs

Unit size: 450×310×430mm

Packing size: 570×432×535mm

Loading quantity: 208/432/540pcs

Model: FC3922E

Features

- Stainless steel housing with walnut wood side panel.
- Aluminum alloy brewing head, with PTC heating.
- Two boiler: 0.5L s.s boiler for coffee, 2L s.s boiler for steam and hot water.
- Commercial rotary vane pump, continuous supply of stable 10 bar pressure.
- Coffee making with pressure-limiting valve.
- Copper inner connectors and pipes.
- Touch control panel and LED display, adjustable pre-infusion time, temperature and volume of flow.
- With 2L detachable water tank, also can connect tap water and drain function.

Packing size: 507×307×440mm

Loading quantity: 380/820/950pcs

Model: FC3103

**Features**

- White color housing.
- Aluminum alloy brewing head, with PTC heating.
- Triple thermoblocks for making coffee and steam.
- Two pumps: coffee making pump with 15 bar pressure, and steam pump with 6 bar pressure.
- Coffee making with pressure-limiting valve.
- Copper inner connectors and teflon pipes.
- Touch pannel, adjust time and temperature.
- Two filling mode: 1.8L detachable water tank mode or automatic filling mode.

Colour: **Specifications**

Power: 2750W

Voltage/Hz: 220V~, 50Hz

Model: FC3103A

**Features**

- White color housing.
- Aluminum alloy brewing head, with PTC heating.
- Thermoblocks for making coffee and steam.
- Two pumps: coffee making pump with 15 bar pressure, and steam pump with 6 bar pressure.
- Coffee making with pressure-limiting valve.
- Copper inner connectors and teflon pipes.
- Electronic button for easy operate, temperature/time can be adjustable.
- Two filling mode: 1.8L detachable water tank mode or automatic filling mode.

Colour: **Specifications**

Power: 2750W

Voltage/Hz: 220V~, 50Hz

Home product series

Model: FC3888A

Features

Colour:

- Multi-function for making coffee and steam.
- 2 thermoblocks: 1 for steam and 1 for coffee making.
- Two pumps: coffee making pump with 15 bar pressure, and steam pump with 6 bar pressure.
- With LED display to show the temperature and time.
- With pressure gauge.
- 1.8L water tank.

Option: Single thermoblock and pump(FC3888C).

Specifications

Power: 2120W
Unit size: 250×330×338mm

Voltage/Hz: 220V~, 50Hz

1PC/CTN

Packing size: 385×270×465mm

Model: FC3911

Features

Colour:

- Stainless steel housing with black color drip tray.
- Multi-function heating system: 1L s.s steam boiler and 250ml coffee boiler, thick film heater continuously replenishing calories.
- Two Italian pumps with 15 bar pressure.
- PID heating temperature control technology, coffee pressure, temperature and timer could be adjust.
- Coffee making with pressure-limiting valve.
- With external water tank.

Specifications

Power: 2200W

Voltage/Hz: 220V~, 50Hz

Model: FC3888F

Features

Colour:

- White color housing.
- 3 thermoblocks: 1 for steam and 2 for coffee making.
- Two pumps: coffee making pump with 15 bar pressure, and steam pump with 6 bar pressure.
- With LED display to show the pressure, temperature and time.
- Coffee making with OPV pressure-limiting valve, limiting with 11 bar.
- 1.8L water tank.
- Pre-infusion time/brewing time/frothing time/4-level steam can be adjustable.

Specifications

Power: 2150W

Voltage/Hz: 220V~, 50Hz
